New CasebookPlus book purchase, or eBook & Learning Library purchase, includes complimentary digital access to the accompanying 2018 Supplement, when available. As a part of our CasebookPlus offering, you'll receive the print book along with lifetime digital access to the eBook. Additionally you'll receive 12-month online access to the Learning Library which includes quizzes tied specifically to your book, an outline starter and digital access to leading study aids in that subject and the Gilbert® Law Dictionary. The included study aids are Criminal Procedure, Constitutional Limitations in a Nutshell, Acing Criminal Procedure and Exam Pro on Criminal Procedure. The redemption code will be shipped to you with the book. This law school casebook contains the seminal constitutional cases, empirical materials, and other perspectives on the beginning of the criminal justice process, from suspicion and investigation to arrest, interrogation, and pre-trial identification procedures.

Dressler and Thomas' Criminal Procedure, Policies and Perspectives, Criminal Procedure

This book is a complete, unchanged reprint of Chapters 1-6 of Saltzburg & Capra, American Criminal Procedure (8th ed. 2007). The new edition of the hardcover text contains detailed commentary, highlighted treatment of selected lower court cases, and full consideration of Supreme Court cases.

American Criminal Procedure

For nearly fifteen years, Criminal Procedure: Principles, Policies and Perspectives (and their softcover versions, Criminal Procedure: Investigating Crime and Criminal Procedure: Prosecuting Crime), written by Joshua Dressler and George C. Thomas III, have sought to inspire students to analyze and critique constitutional and non-constitutional criminal procedure doctrine. The book features careful case selection and editing that includes dissenting and concurring opinions when useful in understanding the law. The Fifth Edition covers the recent changes in constitutional law, including in the Fourth Amendment (e.g., "search" law; broader warrant exceptions; and the recent narrowing of the exclusionary rule); interrogation law (e.g., changes in *Miranda v. Arizona* and in the sixth amendment right to counsel that make it easier for police to interrogate suspects and defendants); pretrial identification of suspects, and the confrontation clause. As in the past, the casebook includes "in the trenches" material, designed to give students an idea of what life is like inside the squad car, the interrogation room, and the courtroom.

Criminal Procedure

The purchase of this ebook edition does not entitle you to receive access to the Connected eBook with Study Center on CasebookConnect. You will need to purchase a new print book to get access to the full experience, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Focusing on the investigation phase of criminal procedure, Criminal Procedure: Investigation combines Laurie L. Levenson's first-hand experience in the criminal justice system with Erwin Chemerinsky's student-friendly writing style. The Third Edition examines the impact of a host of recent developments in the courts and legislature on the process investigating crime. It eschews reliance on rhetorical questions and law review excerpts in favor of comprehensive exploration of black letter law and trendsetting policy issues. The book utilizes a chronological approach that guides students through criminal procedure doctrine from rules governing law enforcement investigation to matters related to habeas corpus relief. In addition to presenting the perspectives from various stakeholders, the authors take care to provide students with useful, practice-oriented materials. Criminal Procedure: Investigation not only employs a systemic approach that takes students through issues from policy to application of legal doctrine but also introduces issues at the forefront of modern criminal procedure debates. Key Features: Straightforward writing style and clear, dynamic text that is uncluttered with law review excerpts and features thoughtfully edited principal and minor cases. Intuitive chronological presentation of topics. Systematic and cohesive exploration of policy on every issue, before moving on to the specifics of doctrine. Practice-oriented features and discussion of important, modern criminal procedure issues. Approachable organization based on common progression through criminal justice system. Straight writing style that relies on cases and author essays rather than law review excerpts and strict Socratic rhetoric questions. Practice-oriented features, discussion of modern policy issues, useful example documents for practitioners. Useful examples for future and current criminal law practitioners.

Criminal Procedure

For two decades, Criminal Procedure: Principles, Policies, and Perspectives (and its softcover versions, Criminal Procedure: Investigating Crime and Criminal Procedure: Prosecuting Crime), written by Joshua Dressler, George C. Thomas III and now also Daniel S. Medwed, has sought to inspire students to analyze and critique constitutional and non-constitutional criminal procedure doctrine. The book features careful case

selection and editing that includes dissenting and concurring opinions when useful in understanding the law. The Notes and Questions are uniformly thoughtful and sometimes even humorous. The Seventh Edition includes most of the cases and material that users have told us were successful in the past. The book continues to include "in the trenches" material that gives students an idea of what life is like inside the squad car, the interrogation room, and the courtroom. We have added new material: A new section, "America the Violent," which includes material about the role that violence has always played in our country. By popular demand, the return of an "old faithful" case, *Warden v. Hayden* (on the exigency exception to the warrant "requirement") *Carpenter v. United States*, the critically important case on police access to historical cell phone records, a case which calls into question some prior "search" cases. New Notes on other Fourth Amendment decisions since the prior edition on such matters as warrantless blood tests on unconscious motorists, warrantless searches of cars found in the curtilages of a home, and a case holding that a driver who is not the renter of a rental car may have standing to challenge a police search even though the renter was not in the vehicle. A new section on Miranda waivers and their consequences. In the Pretrial Release chapter, we have augmented the Notes to include important state-level developments in bail reform. In the Case Screening chapter, we added new Notes to address recent changes in charging practices, including discussion of a growing movement by progressive county prosecutors to decline to charge certain categories of crimes, a trend that raises a number of questions about discretion, separation of powers, and intra-state disparities. Discussion of how "big data" may have an impact on jury selection. In the Trial chapter, new material on jury nullification and recent Supreme Court post-Batson cases. Updated material throughout the book on the effects of racial and gender discrimination on the justice system.

Criminal Procedure

One of the best-selling casebooks of all time. The book includes all the material required to master the essential issues that arise in federal and state criminal investigations and prosecutions, and affords maximum flexibility to shape a course around a particular teacher's own priorities and interests. Comprehensive coverage of constitutional decisions and statutory regulation is complemented by the latest policy and scholarly debates about such subjects as the evolving regulation of government surveillance, computer and cell phone searches, eyewitness identification, and profiling. Year after year, the book's focus on current issues has made it the leading choice for teaching criminal procedure. The book covers such topics as: Arrest, search and seizure. Right to counsel. Digital surveillance. Police interrogation and confessions. Undercover investigations. Lineups and other Pre-Trial Identification Procedures. Grand jury investigation.

Basic Criminal Procedure: Cases, Comments and Questions, 15th - CasebookPlus

Criminal Procedure Investigation [Connected eBook with Study Center], Fourth Edition

Criminal Procedure

This student-friendly text, the only criminal procedure casebook authored by three female law professors of color (who also bring diverse criminal justice system experiences as a former prosecutor, private criminal defense attorney and public defender), highlights social justice issues intertwined with the law of criminal procedure, integrating issues of race, class, gender, and sexual orientation where relevant.

Criminal Procedure, Cases and Materials

Criminal Procedures: The Police: Cases, Statutes, and Executive Materials, Sixth Edition, is a comprehensive treatment of criminal procedure that depicts the enormous variety within criminal justice systems by examining the procedures and policies of both federal and state systems and looking at sources of law and doctrine from multiple institutions. This "real-world" text offers students and instructors a deliberate focus on the realities of the high-volume circumstances that surround criminal procedure. An updated selection of cases and statutes as well as expanded coverage of important areas ensures the currency and timeliness of the

Sixth Edition of this highly regarded casebook. This time- and classroom-tested casebook: Surveys the constitutional, statutory, and administrative doctrines and practices that shape how the police interact with citizens and investigate crimes Examines the procedures and policies of both federal and state systems, as well as the assumptions and judgments underlying each, and how these systems interrelate and sometimes compete with one another Looks at sources of law and doctrine from multiple institutions, including U.S. Supreme Court cases, state high court cases, statutes, rules of procedure, and police and prosecutorial policies Explores the influence of politics within various institutions of law enforcement and the role of public pressure on policing and procedure with regard to terrorism, drug trafficking, domestic abuse, and the treatment of crime victims Compares U.S. practices with the criminal investigations that happen in other countries Investigates the impact of criminal procedures on law enforcers, lawyers, courts, communities, defendants, and victims through the use of interdisciplinary materials New to the Sixth Edition: Two new authors join the editorial team: Jenia I. Turner of SMU Dedman School of Law and Kay L. Levine of Emory University School of Law. With her doctoral training in Socio-Legal Studies and her balanced experience as a prosecutor and a defense attorney in state court, Professor Levine sharpens the focus of the book on the real-world operation of courtroom actors in high-volume state systems. With her background in international criminal tribunals and comparative criminal procedure, Professor Turner strengthens the comparisons between court systems in the U.S. and those around the world. As experienced and celebrated classroom teachers, both Professors Turner and Levine bring closer attention to student learning needs in every chapter of the book. More examples and discussion demonstrate the effects of new technologies on criminal procedure. A revamped Chapter 1 offers a deeper exploration of competing models of policing and useful background about policing organizations. Reorganized Chapters 2 and 7 introduce students to the shifting analytical frameworks that the U.S. Supreme Court now employs to evaluate searches in the context of technological devices that store and collect large amounts of data. Chapter 6 relies on current newsworthy debates about police use of force to explore the alternatives and supplements to the exclusionary rule remedy. Professors and students will benefit from: Materials that support class discussion, including criminal justice actors beyond the Justices of the U.S. Supreme Court: the vision is “street level federalism” Materials that portray the range of current practices in criminal justice rather than a rushed historical narrative about doctrinal trends A Supporting website that offers exemplar documents from legal practice, recent news with relevance for criminal procedure, and brief video lectures to introduce each major unit Emphasis on high-volume practical issues in criminal procedure instead of intricate but rarely-encountered questions Intuitive organization (particularly in the search and seizure units) that makes it easy to see connections among different areas of the law

Criminal Procedures

More than 68 million people have downloaded the hit podcast Serial and 19.3 million viewers have watched Netflix's documentary series, Making a Murderer. More recently, Killer Inside: The Mind of Aaron Hernandez examines the murder conviction of former NFL superstar Aaron Hernandez. These examples tell the true stories of criminal defendants' experiences with our justice system through footage or audio recordings of the actual trial--essentially opening the courtroom doors to the public at large. By relying heavily on practical materials to guide students through the substantive law, the second edition of Investigative Criminal Procedure: Inside This Century's Most (In)Famous Cases does the same for law students. Each chapter focuses on specific “real-world” defendants such as James Holmes, OJ Simpson, and John Wayne Gacy--among many others. Core cases are presented in a logical and easy-to-follow order. The book also includes access to an online casefile repository where students can find and explore actual litigation documents from each case, including complaints, search warrants, transcripts, and interrogation videos.

Investigative Criminal Procedure

Criminal Procedure

The 2022 edition of *American Criminal Procedure* incorporates substantial changes in both caselaw and the law enforcement landscape while maintaining the editorial voice that has earned accolades from generations of students and professors. This edition of the classic casebook contains detailed and authoritative

commentary, extensive discussion of practical problems, highlighted treatment of selected recent lower-court cases, full consideration of Supreme Court cases, and questions that challenge the conceptions and analytical powers of law students. New features include the addition of historical materials; more headnotes; full case treatment of important new Supreme Court cases; and scholarly commentary on such topics as electronic searches, the exclusionary rule, Miranda, and the intersections between race and criminal justice. The authors have made a concerted attempt to arrange the material in a way that facilitates organized analysis of criminal procedure questions without sacrificing nuance.

Criminal Procedure

Criminal Procedure: The Investigative Process, Second Edition is a casebook dealing with the limitations imposed by the United States Constitution upon law enforcement officers in their investigation of criminal activity. The book consists entirely of edited cases decided by the United States Supreme Court and focuses upon the Fourth Amendment prohibition against unreasonable searches and seizures, the limitations placed upon identification procedures and interrogations by the Fifth, Sixth, and Fourteenth Amendments, and the remedies for a violation of any of these constitutional provisions. It is designed for use in a basic course in Criminal Procedure, either in a law school or an undergraduate program in Criminal Justice, taught by teachers who use the case method of instruction. About the Author David S. Rudstein is Professor of Law and Co-Director of the Program in Criminal Litigation at Chicago-Kent College of Law, Illinois Institute of Technology, where he has been teaching Criminal Law to first-semester students since 1973. Professor Rudstein received a J.D., cum laude, from Northwestern University, and an LL.M. from the University of Illinois. After receiving his law degrees he served for a year as law clerk to Justice Walter V. Schaefer of the Supreme Court of Illinois. Professor Rudstein is a member of the American Bar Association and the Chicago Council of Lawyers. In addition to having edited casebooks on criminal law and criminal procedure, he has written a book on the double jeopardy provision of the United States Constitution, is co-author of a three-volume treatise entitled *Criminal Constitutional Law*, and has published numerous law review articles on various aspects of constitutional criminal procedure.

Kamisar, Lafave, and Israel's Modern Criminal Procedure

This supplement brings the principal text current with recent developments in the law.

American Criminal Procedure

This book is a complete, unchanged reprint of Chapters 1-6 of Saltzburg & Capra, *American Criminal Procedure*, 10th (2013). The new edition of the hardcover text contains detailed commentary, highlighted treatment of selected lower court cases, and full consideration of Supreme Court cases.

Criminal Procedure

If you want to cover both investigative and adjudicative issues in Criminal Procedure, this new casebook will supply a firm foundation for your course. Created by an outstanding author team, **COMPREHENSIVE CRIMINAL PROCEDURE** fully reflects current thinking in the field. The book takes a fresh, new approach to the subject: goes beyond the basics of due process and right to counsel to address police practices, trial, and post-trial, including a full chapter on sentencing draws on the authors' individual expertise in specific areas to add intellectual depth. The presentation is organized to facilitate teaching and learning, with carefully written notes explaining the issues and challenging students to consider the underlying ideas all

cases were chosen for their teaching value Four main themes make COMPREHENSIVE CRIMINAL PROCEDURE exceptionally cohesive and realistic: how the rules work in practice and what they mean For The system as a whole the relationship between procedure and substance race discrimination historical background

Criminal Procedure

This supplement brings the principal text current with recent developments in the law.

Criminal Procedure

Criminal Procedure: Investigation and Right to Counsel, Second Edition, is derived from the successful casebook Comprehensive Criminal Procedure and is designed for a short survey course or a traditional investigation course. Like the parent book, it covers investigation using a thematic approach and offers an appropriate balance of explanatory text and secondary material with well-written notes. The Second Edition of this sophisticated book adds new co-author, Andrew Leipold, one of the nation's leading criminal procedure scholars, who brings a wealth of knowledge and teaching experience to the new edition. Written by an outstanding author team, this casebook offers: A manageable, accessible format. Thematic organization, structured around important main themes: Real-world implications of alternative regulatory regimes The power of legislatures to indirectly eliminate procedural rights through changes in substantive criminal law Modern law of criminal procedure as a direct consequence of the effort to end racial discrimination in the United States The impact of limited resources Sound grounding in the criminal process and the right to council. Thorough coverage of Boyd v. United State The Fourth Amendment The Fifth Amendment Investigating Complex Crimes New to the Second Edition: Updated throughout. Substantial revision of Chapter 3, Right to Counsel, fully incorporating recent and important developments in the areas of ineffective assistance and self-representation, and improving both content and organization of cases and notes throughout the chapter. Reworking of Chapter 6, the Fifth Amendment, taking into account Supreme Court's recent line of Miranda decisions, as well as the recent dismantling of Michigan v. Jackson doctrine regarding the Sixth Amendment right to counsel.

American Criminal Procedure

This book is a complete, unchanged reprint of Chapters 1-6 of Saltzburg, Capra, and Gray's American Criminal Procedure (12th ed. 2022). The new edition of the hardcover text contains detailed commentary, highlighted treatment of selected lower court cases, and full consideration of Supreme Court cases.

Comprehensive Criminal Procedure

Buy anew version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes - portability, meaningful feedback, and greater efficiency. Criminal Procedure: Investigation and Right to Counsel is for courses on criminal procedure law that focus on the issues pertaining to the investigation of criminal activities.; It is a spin-off of Comprehensive Criminal Procedure, by the same team of authors, which covers both the investigatory and adjudicatory aspects of criminal procedure law.; The casebook focuses primarily on constitutional criminal procedure law, but also covers relevant statutes and court rules.; The casebook is deliberately challenging--it is designed for teachers who want to explore deeply not only the contemporary state of the law, but also its historical and theoretical foundations.; The casebook incorporates a particular emphasis on empirical knowledge about the real-world impacts of law-in-action; the significance of race and class; the close relationship between criminal procedure law and substantive criminal law; the cold reality that hard choices sometimes must be made in a world of limited criminal justice resources; and, finally, the recognition that criminal procedure law always should strive to achieve both fairness to the

accused and justice for society as a whole. New to the Third Edition: We have added a wonderful new co-author, Yale Professor Tracey Meares, whose special expertise in the law and policy of police investigations has enriched the casebook tremendously. The Introduction chapter has been updated with a number of new scholarly writings that provide an overview of important aspects of criminal procedure law. The Right to Counsel chapter incorporates the new wave of structural reform litigation over the often-crushing caseloads and frequently inadequate resources of public defender offices; the chapter has also been completely reorganized for clarity and ease of teaching. The chapter on *Boyd v. United States* has been revised in light of the recent apparent revival of at least some aspects of that decision, and its newfound relevance to contemporary criminal procedure law. The Fourth and Fifth Amendment chapters, together with the chapter on Complex Investigations, have been completely rewritten to reflect the latest legal, social, and empirical developments in such important areas as police discretion (including stop-and-frisk and police use of force) and data searches (including searches of cell phones and e-mails, GPS and other forms of location monitoring, government investigative use of digital records, and legal protections for computer passwords and encryption keys). CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center. Practice questions from Examples & Explanations, Emanuel Law Outlines, Emanuel Law in a Flash flashcards, and other best-selling study aid series help you study for exams while tracking your strengths and weaknesses to help optimize your study time. OUTLINE TOOL Most professors will tell you that starting your outline early is key to being successful in your law school classes. The Outline Tool automatically populates your notes and highlights from the e-book into an editable format to accelerate your outline creation and increase study time later in the semester.
